MEET OUR KENWORTH C509

The C509 is the latest fleet addition that we showcased at the Colac Truck & Ute Show 2025. Al is the proud driver with the slogan 'Ain't No Second Prize' on his cab.

You'll see him all around the state, so give him a toot and a wave next time! We also have a few surprises coming before the year is out.

HAPPY 18TH TRAV!

Travis started with Morris Transport helping out at the depot about 4 years ago. His dedication, commitment and love of trucks was clear and he soon began his heavy vehicle diesel mechanic apprenticeship. We have watched him grow into a confident and capable young man that is liked by all and valued enormously by Morris Transport. Thank you.

HAPPY BIRTHDAY, TRAV!

SEE YOU AT THE CASTLEMAINE TRUCK SHOW

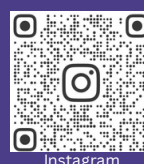

Truck Show Sat 29– Sun 30 Nov 2025.

As the Speedway Season kicks off next month, we would like to wish all drivers the best of luck. See you on the track lads! Unfortunately, the two Street Stock events coincide with Castlemaine Truck Show and Colac Truck Show. We will fit in other races throughout the season including both Simpson events – 17/1/26 and 11/4/26.

Industry Conferences 2025

Morris Transport always gains so much by attending industry events around Australia. So far 2025 has been busy with the Brisbane Truck Show (Brisbane) in May, LRTASA Annual Conference (Adelaide) in June and LRTAV Annual Conference (Shepparton) in August.

These opportunities offer industry professionals the opportunity to come together and discuss challenges, latest developments and share knowledge and innovations.

However, one of the most valuable aspects is the time to re-connect with old friends, make new friends and build our network of industry specialists.

We look forward to seeing you!

Murphy & Peter at LRTASA 2025 in Adelaide

Inside The Issues

Look after your mental health the same way you look after your physical health

Healthy Heads - Trucks & Sheds

www.healthyheads.org.au

Healthy Heads is dedicated to improving mental health and physical wellbeing in Australia's road transport, warehousing, and logistics sectors. They understand the unique challenges faced by those working in the sector- from long hours and isolation to the pressures of meeting tight schedules.

Let's Talk - Colac Branch

0474 795 221 - colac@letstalkaustralia.org

A preventative, non-for-profit mental health foundation, breaking the stigma, encouraging help seeking behaviour & increasing community awareness around mental health.

Making Our Farms Safer (MOFS)

1300 882 833 - mofs@vff.org.au

The MOFS strategy aims to deliver **free farm safety visits**, tools and services that are accessible, practical and useful to all Victorian farmers. MOFS focus is to support farmer and workers' safety, wellbeing and mental health.

Whether it's advice, guidance, support, or simply an extra set of eyes, ears and brain, they are there to be your trusted advisor and partner.

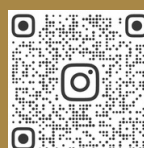

They bring knowledge, expertise, and practical solutions to help keep you, your family, your business and your local community safe.

If you are interested in a free visit or know someone who could benefit, please contact MOFS to find out more and book a service.

MORRIS TRANSPORT GOES NORTH

During April/May, five Morris Transport drivers found themselves a long way from home on the Birdsville Track, Queensland. Their job was to transport livestock from drought effected areas in Victoria for agistment to better feeding conditions up north. In their travels they lined up for this photo to send home.

Transport Industry Resources

Meat & Livestock Australia (MLA) has launched a Transport Hub – a central location for information and resources on transporting cattle, sheep and goats by road in Australia.

The Hub brings together information specifically focused on best practice preparation of livestock through Australia's red meat supply chain including standards and guidelines, rules and regulations with a focus on presenting animals fit to load for their intended journey.

Livestock Transport Hub

The Transport Hub brings together everything you need to know about transporting livestock safely and humanely anywhere in Australia. Best practice livestock transport improves outcomes for livestock, boosts profits throughout the supply chain and contributes to the sustainability of the industry.

Livestock loading/unloading ramps and forcing pens (AS 5340:2020) – Standards Australia 2020

The guide provides information on the safe design, construction and operation of livestock loading/unloading ramps and forcing pens. This promotes safer workplaces for people in livestock loading facilities and to improve animal welfare. This standard supersedes the 2015 *Guide for Safe Design of Livestock Loading Ramps & Forcing Yards* (Australian Livestock & Rural Transporters Assoc.) is available for purchase only through Standards Australia for \$130.00.

03/05

In March 2025 Morris Transport was recognised as the No# 19 Livestock Transporter in Australia by Beef Central.

This is a testament to the hard work, integrity, and dedication we bring to the industry every day.

High Productivity Livestock Vehicle (HPLV) Scheme

Morris Transport is proud to be one of the first companies to join the High Productivity Livestock Vehicle (HPLV) Scheme to assist the livestock carrier industry in attaining a higher level of productivity, enabling us to operate Livestock B-Triple combinations across Victoria.

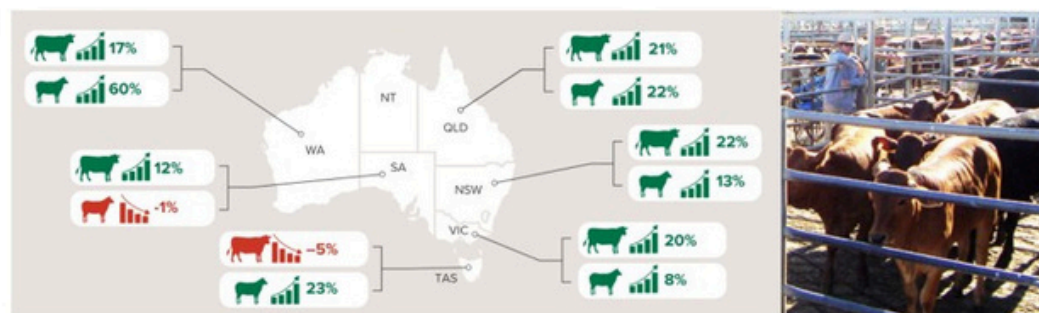

MLA ANNUAL SALEYARD SURVEY RESULTS

The survey is designed to identify the total number of cattle and sheep consigned to Australian saleyards over the course of a financial year.

Visit Cattle saleyard surveys | Meat & Livestock Australia
<https://www.mla.com.au/prices-markets/cattle/Saleyard-surveys/>

Key numbers – state saleyard transactions % change year-on-year 2023–24

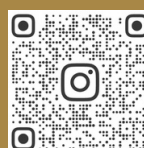

Australian saleyard transactions – year ended 30 June 2025

State	Reported cattle facilities	Cattle transacted	Reported sheep facilities	Sheep transacted
NSW	29	1,819,451	16	9,242,523
Qld	23	1,358,855	1	108,260
Vic	13	1,164,296	12	4,842,137
SA	4	237,027	3	963,300
WA	3	218,241	2	1,075,712
TAS	1	42,812	1	155,928
Australia	73	4,840,682	35	16,387,860
